DETAILED ACTION

Allowable Subject Matter

1. Claims 1-25 are allowed.
2. The following is an examiner's statement of reasons for allowance: The prior art of record does not teach or suggest the applicant's invention as claimed in detail. Adams '308 discloses the theft deterrent device of claim 1 except for the plurality of housing apertures that are less in number than said base plate aperture and are alignable with said base plate apertures in a plurality of different positions relative thereto. Shen '613 teaches a plurality of apertures alignable with apertures in a plurality of different positions, however there is no motivation to combine the teaching of Shen '613 with Adams '308.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
